

Kredittilsynet (The Financial Supervisory Authority of Norway) warns against investment offers marketed by Aker Financial AS

Kredittilsynet informs that Aker Financial AS has not received any approval to perform investment services in Norway, implying that the company does not have necessary authorisation in accordance with Norwegian law. This also implies that Kredittilsynet does not supervise the company and has not approved the services offered by the company. Kredittilsynet therefore recommends that investors do not enter into agreements or transfer values to Aker Financial AS.

The company offers services from the website www.akerfinancial.com.
